Explanation of Responses:

1. Each performance right represented a contingent right to receive one share of the issuer's common stock at vesting. The performance rights vested at a rate between 0% and 200% during a three-year performance cycle ending on March 31, 2023 based on the issuer's relative total shareholder return in comparison to the total shareholder return performance among the Russell 2000 Index over the performance cycle. The performance rights, along with 116 dividend equivalent units, vested at 176.1% of the target award amount and were settled in shares of common stock pursuant to the award agreement terms.
